

Bloom Technologies d.o.o. is a company that produces cooling cabinets for professional use, counters and parts for counters. We are located in the Free Zone Varazdin in the North-West of Croatia just 5 km East of the town of Varazdin and 80 km from the Croatian capital Zagreb. The location is well connected to the highway Gorican-Varazdin-Zagreb-Rijeka. Bloom Technologies d.o.o. was founded in the year 2003 as a sister company of Oprema d.d. Ludbreg from whom it has taken over part of the production program.

Our target is to become a leading European manufacturer of cooling cabinets for professional use and counters. The excellent geographical position allows us to become a important manufacturer for Central, West and East Europe.

All our efforts will be oriented in satisfying market needs for developing and production of products. For this purpose we are completely equipped with a flexible production in CAD/CAM technology. Special accent is made on the market research and development of new products. We frequently collaborate with our suppliers and follow latest trends in cooling technology. Achievement of our goals is based on tight cooperation with end users of our products which are optimised and long age. High motivation and flexibility of our employees in accepting and satisfying user's wishes reflects in many partner relationships and a high level of mutual trust.
